this volume focuses upon the complex nature of the work family interface and how families around the globe deal with the inherent dilemmas therein chapters examine how work affects families in both overt and discrete manners as well as how family life in turn affects paid employment

the relationship between work and family is an issue of growing concern in the united states the increasing participation of women in the labor force has created new demands for services especially for low income families to offset women s dual responsibilities at work and home this paper describes a ford foundation program to study the place of the workplace in american family life with the

following aims 1 to broaden the knowledge base on men's and women's roles and their relation to work 2 to provide models of employer benefit policies and work arrangements 3 to monitor federal and state policies requiring family benefits and 4 to promote discussion and exchange on work and family issues the paper provides an overview of shifts in employment patterns and examines the changing roles of men and women in the workplace the following family responsive programs are described 1 medical leave including pregnancy disability 2 family leave including parental leave 3 child care 4 elder care 5 alternative work schedules and 6 flexible benefit programs the paper concludes with a detailed discussion of the four pronged approach of the Ford Foundation program a list of 18 references is included an appendix lists Ford Foundation grants to study work and family issues for 1987-88

this milestone handbook brings together an impressive collection of international contributions on micro research in organizational behavior focusing on core micro organizational behaviour issues chapters cover key themes such as individual and group behaviour the Sage Handbook of Organizational Behavior Volume One provides students and scholars with an insightful and wide reaching survey of the current state of the field and is an indispensable road map to the subject area the Sage Handbook of Organizational Behavior Volume Two edited by Stewart R. Clegg and Cary L. Cooper draws together contributions from leading macro organizational behaviour scholars

the literature on rural America to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural America remains much misunderstood neglected or ignored by scholars and policymakers alike in response Emery Castle offers the Changing American Countryside a volume that will forever change how we look at this important subject Castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural America is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban America and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

report of the Dominion Fishery Commission on the Fisheries of the Province of Ontario 1893 issued as vol 26 no 7 supplement
