this volume presents the work of specialists on multinational strategy addressing the main questions of globalization competitiveness the impact of regionalism agglomeration strategic location choice and relocation and public aid

the confucian notion of harmony with difference he er bu tong has great political and cultural resonance in contemporary china which propagates the quest for a pluralist harmony between cultural and ethnic components of society in an attempt to examine a range of responses to this state envisioned ideal of accommodating ethnic differences this book analyzes the literary and cultural discourses that surround three minority regions in southwest china dali which was once the location of the ancient nanzhao and dali kingdoms the homeland of the matrilineal mosuo known as the country of women and the tibetan areas associated with utopian shangri la this book borrows foucault s concept of heterotopia to address the contradictory and often simultaneously existing views of the minority region as rich treasure house of tradition and as intractable barrier to modern development which combine to give rise to productive tensions in scholastic and artistic creations through reconstituting and performing the myths and legends of or about minority culture the representations of the three places turn into heterotopias which are posed between the mythical and the real in different ways functioning as a self reflective mirror they simultaneously offer images of the actual habitats of the ethnic other which have been subject to socialist projects of modernity and become a viable means by which to exert material effects on the real landscape products of a fascination with alternative social spaces the three mystified lands all contain conceptualizations of harmony be it spiritual gender based or ecological that are conceivably absent in the imperfect actuality of the chinese heartland in conclusion these aesthetically constructed spaces of the other negotiate and enrich the discourse of harmony with difference

reacting to ethnic politics in prc history and creating an audience that grows attentive to the traditions of minorities

data from the current population survey were used in a unique analysis of migration and economic adaptation in a nationally representative sample of asian and hispanic immigrant women the study describes migration patterns and compares the labor market adaptation experiences of women who migrated with their families and women who migrated independently the book also examines the systematic differences in migration patterns by country of origin and how these differences relate to labor market performance the findings highlight the considerable impact of immigration policy on the economic adaptation of immigration women wives who migrated before their husbands were more likely to be in the labor force especially when compared to wives migrating after their husbands in contrast wives who migrated with their husbands were not likely to participate in the labor force interestingly asian immigrant wives were more likely to migrate while married than were hispanic immigrant wives asian wives who migrated after their husbands earned substantially lower wages than their respective ethnic counterparts ph d dissertation cornell university 1995 revised with new preface and index
